Vista Do Rio Resort, is a unit of M/s. Conamore Resorts Pvt Ltd., which began its operation in hospitality industry in the year 1990. The resorts itself imbues a marvelous blending of the ancient traditions along with modern amenities, processes and technologies - that not only delivers innovative technology but also contemporary in design and, moreover, our stringent quality controls ensure Value for Money. We are a 3 Star Premier Family Resort located at North Goa, and our property is having total 47 rooms / 2 Restaurant/ Conference hall etc. We cater with all FIT's / Incentive as well as Students Group / Corporates / Conferences etc., in addition, we are also an RCI affiliate property having own Gold Crown award for the year 2008 – 2009.

Our PPC campaign managed by eBrandz is unsurpassable and their keywords research are extremely well matched with our business profile and result oriented. Their segment wise market knowledge and the method of communication to reach people through PPC campaign is great.

We are absolutely amazed by their reporting system. In fact, whenever we have sent any query to them, we have received prompt response and we really appreciate their communication method. Nevertheless, soon after we initiated the campaign with eBrandz within a week we began to see improvements in traffic and increase in our business.

Certainly, it would be unfair on my part if I do not applaud the professional and diligent team at eBrandz who took up the campaign as a challenge and did absolute justice to it.. We would definitely approach to eBrandz in the future, in order to support and give us more positive business results.

We would certainly not hesitate to recommend eBrandz.com to those who are not our competitors...

Regards,
