Easylawyers is an outstanding, dynamic law firm situated in the heart of the City of London. We offer ground-breaking, lucrative and practical legal solutions to business and individual clients in UK and around the world.

We were well aware that Pay Per Click campaigns does not only offer an excellent promotional technique but is a globally recognized means of obtaining prompt results for products and services as well. eBrandz already carried out our SEO activities for about 7-8 months and we were truly impressed by their services, as a result we gave priority to eBrandz to carry out our PPC campaign.

We saw immediate results in the transfer of equity work. Overall the law industries in U.K. have neglected this area but with the help from eBrandz we managed to cash-in-on at the appropriate time. We saw results and increased traffic in areas that we neglected and in fact the whole industry neglected. The Pay Per Click campaigns has made our website profitable and most importantly put us in the number one position.

Overall eBrandz is an excellent company run by driven management and motivated staff!
