

Date: 20th July 2011.

Ladies and Gentlemen,

We would like to express our deepest satisfaction with eBrandz PPC services - they always responded to our requests courteous and worked on them in a timely manner. They always kept us updated about the steps they have been working on and the steps they were able to successfully finalize in our companies favor. That's why we have been continuously working with EBRANDZ and currently using their services for our new website www.lighting55.com

Keep up the good work.

Kind regards
